Store Hours:

9:00 a.m. to 4:30 p.m. (MT) Monday-Friday

We at Arnold Pool Company are here to serve **YOU!!!** Our mission is to enhance your pool and spa experience so that you may enjoy a healthier and happier life. This catalog is representative of swimming pool and spa supplies and parts available today, but it is by no means a complete listing. If you need something, **we will try our best to get it for you!!!**

OUR GOAL IS YOUR SATISFACTION!!!

TO PLACE AN ORDER:

Be prepared to give:

1. Name of purchaser (and your name, if different).
2. Shipping address **and** billing address.
3. Phone number of purchaser.
4. If purchaser does not have an established charge account with us:
MC/VISA card name, number and expiration date.
5. Description of items to be ordered:
 - A. Product Number and Name, Quantity and Size.
 - B. On PARTS: model number of equipment, part name and ANY CLUES are helpful.

Call in your order by 11:00 AM to receive same-day shipment! We have been known to work miracles, but, **PLEASE**, do try and **PLAN AHEAD**. When items ordered are not available, we reserve the right to make substitutions equal in quality.

Our catalog pricing is good for the year, subject to manufacturer's price increases that may occur after printing. On larger items, you may wish to confirm freight charges.

WE WILL GLADLY GIVE PRICE QUOTATIONS OR BIDS.

Merchandise returned for credit will not be received without our written approval. If merchandise was ordered in error by customer, we reserve the right to make a 20% restocking charge. Special orders cannot be returned. Returns must be made **within 30 days** for any credit.

All merchandise is covered by the manufacturer's warranty only.

Credit Customers: Accounts are due the 15th of the month following purchase.

Past Due Accounts are assessed a late fee of 1.5% per month.

All merchandise shipped by common carrier is at buyer's risk. Seller's responsibility ceases with receipt of bill of lading from the common carrier. We may, if requested, insure goods for the buyer.

Maintaining Your Pool

1 Kill bacteria continuously.

BioGuard stabilized chlorine provides 24-hour-a-day bacterial killing power to control possible cross-infection of swimmers. It won't be destroyed by sunlight. Depend on it! Available in **SilkGuard Complete Sticks, 1" or 3" Tablets or granular form** – for automatic or manual addition to the pool. See pages 4 and 5.

STEP 1

2 Remove swimmer wastes.

"SHOCK"

BURN OUT 3

OR

SMART SHOCK

Every 2 weeks
(weekly for commercial pools)

Every week

Use at sundown to treat your pool for a sparkling result the next day.

Special oxidizer-clarifier formula to restore sparkle to your pool.

STEP 2

Restore sparkle to your pool with a BioGuard **Oxidizing** treatment. Swimmer wastes like urine, perspiration, suntan oil and hair sprays accumulate as a pool is used. They make eyes sting, irritate skin, dull water and give algae plenty of food to feast on. Wastes weaken powerful chlorines, so you may be using more and more chlorine to no avail. Step 2 is important!!! See page 6.

3 Prevent algae growth.

Prevent algae growth with BioGuard **Algae Complete**. It pays to prevent algae from ever getting a start. Used the morning after a **Step 2 treatment**, it works WITH your BioGuard chlorine – they complement each other. If algae already has a start, you can nip the problem in the bud with BioGuard's exclusive family of algicides.

Algae can ruin your pool's health and looks, clog your filter, and make your pool walls slippery and unsafe. It costs plenty to cure and just pennies to prevent! See page 6.

STEP 3

Commercial Products

WE WILL GLADLY GIVE BIDS! CALL US.

PROGUARD 1" TABLETS 90% Available Chlorine
Page 5 50# Bucket, 10 or more \$319.50

PROGUARD 3" TABLETS 90% Available Chlorine

CER-ASA/128-1 Gallon 21.95
CER-ASA/15G-1 15 Gallon Drum (no deposit) 245.00

BioGuard
Authorized Pool & Spa Care Center

Brominating Tablets

Brominating tablets provide continuous treatment when applied through a bromine feeder. Bromine is not able to be stabilized, so it is best suited as an alternative sanitizer for automatic feeders in indoor applications. 92.5% active ingredients.

BG-22034	25# Bucket	\$272.99
BPG-22036	50# Bucket	465.00

Granular Chlorine

100% Sodium Dichloro-S-Triazinetrione
62% Available Chlorine

SUPER SOLUBLE

Dichloro granular chlorine dissolves instantly, killing bacteria without upsetting pH balance. Easy to use with all pools – add directly to pool water or through hypochlorinators.

BG-21049	5# Bucket	\$ 66.50
BG-52203	25# Bucket	262.95

Chlorine SilkGuard Complete

91.57% Trichloro-s-triazinetriene
84% Available Chlorine

Chlorine Tabs and Sticks that work 24 hours/day, continually releasing stabilized chlorine. Prevents staining and corrosion reduces scale and softens water making the water SILKY smooth. Greater algae prevention with algae-killing crystals. ALL pool types, with ALL pumps and in ALL applications. Wonderfully simple!!!

BioGuard®
Guarding more than your pool.

Shocks - Step 2

BURN OUT 3

Shock – Clarify – Oxidize all in one! Use every two weeks, 1# per 10,000 gallons of water.

BG-22808BX 12# Box (12-1# bags) .. \$ 124.99
 BG-22808BG 1# Bag 10.50

SMART SHOCK

Special oxidizer/clarifier product used weekly. Use 1# per 12,000 gallons of water.

BG-22947BX 12# Box(12-1# bags) ... \$126.00
 BG-22947BG 1# Bag 10.99
 BG-52728 25# Bucket 225.99

OXYSHEEN

Destroys swimmer wastes without chlorine so swimming can resume almost immediately.

BG-22841BX 12# Box (12-1# bags) .. \$ 122.99
 BG-22841BG 1# Bag 10.99
 BPG-22846 50# Bucket 309.00

Algicides - Step 3

ALGAE COMPLETE

Dual active ingredients combine traditional quat-based algicide and chelated copper in one powerful, high performance product.

BG-25766 2 L. Bottle \$ 69.50

BACK UP 2

Broad spectrum formula that inhibits and kills algae.

BG-23050 Quart \$ 33.25

ALGAE ALL 60

Non-foaming algicide. Ideal for pools with attached spas or fountains.

BG-23060 Quart \$ 46.95

BANISH

Specially formulated copper-based algae killer.

BG-23500 Quart \$ 45.50

SPOT KILL ALGAE DESTROYER

Kills green and black algae.

BG-23107 2# Bottle \$ 23.99

SoftSwim Sanitizing System

The **SoftSwim** Maintenance Program is a great chlorine alternative that leaves the water soft and silky. SoftSwim A, B, and C are all easy to apply liquid products – no predissolving and no mess.

SOFTSWIM ‘A’

SoftSwim Algicide is used to prevent algae growth. It penetrates the tiny cracks and pores of the pool surface, where algae can start. Use 2 oz. per 5,000 gallons of water every other week.

BG-22853 Quart \$ 39.25

SOFTSWIM ‘B’

SoftSwim B is used to sanitize the water and control bacteria.

BG-22852 ½ Gallon \$ 49.50

SOFTSWIM ‘C’

SoftSwim C is used to remove undesirable compounds and keep the water sparkling. Use 1 gallon per 10,000 gallons of water, once a month.

BG-22851 Gallon \$ 23.99

SOFTSWIM FILTER AID-FLOCCULANT

BG-22854 1# Bottle \$ 14.99

SOFTSWIM FILTER CLEANER

BG-22859 Quart \$ 26.50

SOFTSWIM STAIN CONTROL

BG-23457 Quart \$ 27.50

Mineral Springs Sanitizing System

The **Mineral Springs** Maintenance Program takes natural minerals and produces sanitizer through a process called electrolysis (the conversion of minerals to free available chlorine). This is how sanitizer is naturally generated. It's a natural, convenient way to generate sanitizer for your pool water, resulting in *fantastically silky, dazzling water*.

MINERAL SPRINGS SYSTEM

Saline Chlorination Sanitizing System

Unit \$2,950.00

BEGINNINGS

Provides minerals to allow unit to create sanitizer, prevents scaling and softens water.

BG-23540 27.9# Bucket \$ 53.50

RENEWAL

Replenishes minerals, keeps pH stable, clarifies, prevents scaling and softens water.

BG-23541 16# Box (4 - 4# Bottles) .. \$87.00

STAIN & SCALE

Protects against scale formation and scale build up.

BG-23245 Quart \$ 31.50

CELL CLEANER

Effectively and efficiently cleans any chlorine generator cell.

BG-23242 Quart \$ 22.00

Chlorine/Bromine Feeders

AUTOMATIC CHLORINE/BROMINE FEEDERS

24-hour a day sanitizing made easy. No special venting required. Completely enclosed, no escaping gases. Positive external no-clog control valve. No equipment damage. Feeds sanitizer directly to pool.

Balancers

STABILIZERS & pH ADJUSTERS:

STABILIZER 100 100% Cyanuric Acid
 "Holds" chlorine in the water to prevent its loss to the sun. Use 1# per 3000 gallons to reach the recommended 40ppm level.

BG-23481 5# Bag 45.99
 BPG-23249 40# Bucket 195.00

INSTANT STABILIZER 100 Liquid
 1 gallon will raise levels by 32 ppm per 10,000 gal.

BG-23217 Gallon \$ 56.50

LO'N SLO

Safe, dry acid to lower pH in pool water.

BG-23477 8# Bag 21.50

BALANCE PAK 200

Raises pool water pH.

BG-23469 6# Bag 24.50

MINERAL & METAL ADJUSTERS:

POOL MAGNET PLUS

Chelating agent that prevents stains from iron, copper and manganese from forming on pool walls. To remove metals, use with Sparkle Up.

BG-23454 Quart \$ 29.00

SCALE INHIBITOR

Controls excess calcium in pool water to prevent scale deposits.

BG-23902 Quart \$ 29.00

BALANCE PAK 100

Raises Total Alkalinity in pool water.

BG-23461 5# Bag \$ 15.99
 BG-23463 12# Bag 32.99
 BPG-23415 25# Bucket 52.99

BALANCE PAK 300

Raises Calcium Hardness in pool water.

BG-23471 7# Bag \$ 20.99
 BG-52220 12# Bucket 32.50

ERASE IRON STAIN REMOVER

Removes iron stains.

BG-23733 2# Bottle \$ 53.50

Authorized Pool
 & Spa Care Center

Accessory Chemicals

WATER ENHANCERS:

POLYSHEEN BLUE CLARIFIER

Add directly to pool water with filter operating to restore sparkle. Combines small particles into larger masses so the filter can catch them better. Excellent for weekly maintenance.

BG-23721 Quart \$26.99

SPARKLE UP

Increases sand and DE filter efficiency by trapping smaller particles. Also removes metals from the water. Easy to use.

BG-23715 1.5# Bottle \$38.75

NATURAL CLARIFIER

Fine sediment particles bind together to make big particles that are removed by your filter.

BG-23742 Quart \$26.25

ECOKLEAN

100% biodegradable cellulose fiber. Alternative to DE for a diamond-like sparkle to your pool.

BG-23759 3# Bag \$23.75

POOL COMPLETE WEEKLY

3-in-1 high intensity clarifier and cleaner adds the final touch to any pool program.

BG-25767 Gallon \$71.00

OPTIMIZER PLUS

Saves money by increasing the efficiency of ANY chemical program. Adds sparkle, too!

BG-23770 8# Bucket \$ 42.50

BG-23772 20# Bucket 102.00

CLEANERS / MISCELLANEOUS:

OFF THE WALL SURFACE CLEANER

Compatible with pool water. Acidic composition makes it great for SCALE buildup and tile line "bathtub ring".

BG-23613 Pint \$12.50

STRIP KWIK FILTER DEGREASER

Removes suntan oil and GREASE from sand, DE and cartridge filters. Promotes filter efficiency.

BG-23756 Quart \$23.00

KLEEN-IT FILTER CLEANER

Removes SCALE and stains from sand, DE and cartridge filters. A must for hard water areas.

BG-23758 Quart \$24.99

CHEM-OUT

Chlorine neutralizer for treating pools where chlorine level is too high.

BG-23647 2# Bottle \$33.25

ANTIFOAM

BG-23642 Quart \$29.50

STOWAWAY

Cleaner and deodorizer for preparing covers for storage.

BG-23650 Quart \$26.99

Maintenance

Paint

The success of any pool painting project is 90% dependent on **PROPER SURFACE PREPARATION**. We recommend washing with 910 Washing Compound, acid washing, then a mild 910 wash once again. We have a detailed instruction bulletin to assist you in your preparation plans.

RUBBER BASE POOL ENAMEL 30% Solids, 70% Volatile

Minimum wait to fill pool: 5 days (14 days is best)

KEL-290G	Paralon 2 White-Gallon	\$ 135.75
	(Also Available: Blue Ice-291G, Bikini Blue-292G, Black-297G)	
KEL-1108G	Rubber Base Solvent-Gallon	86.95

KEL-290G

EPOXY POOL COATINGS 80% Solids, 20% Volatile

Minimum wait to fill pool: 6-7 days, depending on temperature

KEL-222G	Poxolon White-Gallon	\$166.50
	(Also Available: Blue Ice-225G, Bikini Blue-228G, Black-226G)

1. Heating tables are based on 3 1/2 mph average wind and average pool depth of 5.5 feet. 2. All models certified by American Gas Association as gas-fired Swimming Pool Heater for natural gas or propane gas for outdoor installation and for indoor installation. All models constructed for 125 psi working pressure. 3. Reduce input ratings by 4% for each 1000 feet above sea level. 4. Teledyne Laars maintains a policy of continuous improvement. We therefore reserve the right to change specifications without notice.

FEATURES

- Large Commercial Pump with s/s basket
- Easy serviceability
- All-bronze construction for strength and durability
- 6 in. suction and 4 in. discharge for maximum capabilities
- Self-priming to insure proper filtration

- Heavy-gauge stainless steel strainer basket with an open area 5 times the area of the suction port
- Closed impeller for longer motor bearing life
- Heat-resistant seal capable of operation at up to 150°F
- Available in single and three-phase, 50 and 60-Hertz models
- One-year Warranty

CHK/CMK Three Phase 50/60 Cycle

AQUAMATIC COVER SYSTEM

On the surface, most pool covers look similar, but the most important and costly part of any pool cover is the mechanism. The patented mechanism of the **HYDRAMATIC** represents the best value for your durable investment. Designed to last the lifetime of your pool, the **HYDRAMATIC** is maintenance free, and the most reliable cover system manufactured with the most extensive warranty in the industry today.

CALL FOR A QUOTE TODAY!!!

An Aquamatic pool cover can be fabricated to fit almost any shaped pool, as long as there is room for the tracks to run parallel to each other, and the pool can fit within a 25' x 75' rectangle.

**A COVERED POOL
IS
A SAFER POOL.**

Replacement Cartridge Filters

COMMON CARTRIDGE FILTER REPLACEMENTS

There are hundreds of different filter sizes. Here are some common ones. The model name or number of your spa or filter housing can be helpful in determining filter size.

		O.D.	I.D.	HEIGHT	
HS-20204	Grandee	8-1/2"	3" x FPT	10-1/4"	\$ 98.00

(set of 2)

HOW TO MEASURE FOR A NEW REPLACEMENT FILTER

1. Measure OUTSIDE DIAMETER (O.D.)
2. Measure overall HEIGHT
3. Measure INSIDE hole DIAMETER (I.D.)

Note: Top and Bottom holes may be different!

Also, some holes are closed, have a handle or have a male pipe thread (MPT).

6", 7" and 8" Top

4-5/8" Top

MPT Bottom
1-1/2" and 2"

Spa Care

CHLORINATING CONCENTRATE

		Granular Dichlor.	
BG-42612	14 oz. Bottle	\$20.50
BG-42614	2# Bottle	32.99
BG-42616	5# Bottle	72.99

BROMINATING CONCENTRATE

One step granular. Establishes Bromide Bank.

BG-42602	14 oz. Bottle	\$22.50
BG-42604	2# Bottle	39.99
BG-42606	6# Bottle	92.50

BROMINE TABLETS

For Floaters.

BG-42608	1.5# Bottle	\$40.50
BG-42610	4.5# Bottle	94.99

SPA SHOCK

Buffered, Non-chlorine Shock.

BG-42624	35 oz. Bottle	\$31.99
----------	---------------	-------	---------

ENHANCED SHOCK

Includes clarifiers.

BG-42621	2# Bottle	\$29.99
BG-42622	6# Bottle	59.99

pH INCREASER

Raises pH.

BG-42632	18 oz. Bottle	\$15.50
----------	---------------	-------	---------

pH DECREASER

Lowers pH.

BG-42634	22 oz. Bottle	\$15.50
----------	---------------	-------	---------

STAIN & SCALE CONTROL

For metals & calcium.

BG-42642	Pint	\$23.99
BG-42644	Quart	37.50

CALCIUM HARDNESS INCREASER

BG-42636	12 oz. Bottle	\$13.95
----------	---------------	-------	---------

TOTAL ALKALINITY INCREASER

BG-42630	2# Bottle	\$20.75
----------	-----------	-------	---------

ANTIFOAM

Stops foaming instantly.

BG-42646	Pint	\$19.99
BG-23642	Quart	29.50

WATER CLARIFIER

Stops cloudiness.

BG-42648	Pint	\$16.99
----------	------	-------	---------

OFF THE WALL SURFACE CLEANER

Cuts grime.

BG-23613	Pint	\$12.50
----------	------	-------	---------

NATURAL SPA ENZYME

Digests oily buildup.

BG-42652	Quart	\$28.99
----------	-------	-------	---------

FRESHENER & DEODORIZER

Fresh scent.

BG-42656	Pint	\$21.99
----------	------	-------	---------

FILTER CLEANER/DEGREASER

Spray.

BG-42654	Quart	\$21.99
----------	-------	-------	---------

STRIP KWIK

Filter Degreaser.

BG-23756	Quart	\$23.00
----------	-------	-------	---------

KLEEN-IT

Filter Descaler.

BG-23758	Quart	\$24.99
----------	-------	-------	---------

TEST STRIPS

5 tests in-one strip.

BG-26344	Bottle of 50 strips	\$22.50
----------	---------------------	-------	---------

SPA SYSTEM FLUSH

BG-42650	24 oz. Bottle	\$18.50
----------	---------------	-------	---------

Spa Accessories & Maintenance

FIX-A-LEAK	Liquid Leak Repair	\$ 49.50
HS-60623	Rubber Duck. A MUST for any spa!!!	5.50

HotSpring®

Every day made better®

6 KEYS TO SPA CARE

1. CIRCULATION:

The pump moves water through the filter so particles are trapped and removed. Circulation also distributes chemicals throughout the water to kill harmful bacteria.

2. FILTRATION:

Keep Filters Clean!!! They do an abundance of work to keep your spa water clean. It is very important to clean your cartridge filters regularly. Skin oils build up on them and/or scale forms on them. On Hot Spring models, the filter dedicated to continual filtration will tend to get dirty quicker than the others. The water flow is then reduced. Decreased flow trips the heater reset button. (This is a Hot Spring safety feature to prevent the heater from over-heating because of the low flow.) Every 4-6 weeks remove your filters and hose them off with a garden hose with an end-nozzle attached. Spray on **FILTER CLEANER** to help loosen the built-up oils and dirt. Rinse thoroughly!!! Let dry. Replace. We recommend that you use **STRIP KWIK** and **KLEEN IT** 2-3 times a year to do a more intensive, thorough cleaning. (We will gladly do this for you---bring your dirty filters by the store.) A good technique for keeping filters clean is to have an extra set. That way while one set is removed for cleaning the other set is clean, dry and ready to use.

3. CLEANING:

Remove obvious dirt by using a spa vac. Clean the water line with **OFF THE WALL SURFACE CLEANER**. (Other products are not compatible with spa water chemistry.) Also, use **NATURAL SPA ENZYME** weekly to keep oils from accumulating. The spa will be less likely to foam, the surface and waterline will stay cleaner longer, and the filter life will be extended.

4. DRAINING AND REFILLING:

Replace the water in your spa regularly. How often???? When water goes “dead” or use this formula:
Spa Gallons / Daily Bathers / 3 = days between draining.

Use **SYSTEM FLUSH** prior to draining, cleaning, and refilling your spa. This will remove unseen build-up in the plumbing that can impact performance. Before draining, first shut off power. After emptying the tub, clean all surfaces with **OFF THE WALL SURFACE CLEANER**. Rinse well. Refill the tub by putting the hose in the filter compartment. This will minimize air entrapment in the lines. Once the tub is filled, on 220V Hot Spring models, turn on the 20 amp breaker first and run the jets for 5 minutes before turning on the 30 amp breaker. This will prevent the heater from air locking and kicking the heater reset. On 110V models, run the jets as soon as the power is reconnected to prevent the air locks.

5. CHEMICALS:

Use **STAIN AND SCALE CONTROL** as tub is filling to prevent stains and to control metals. Add **WATER CLARIFIER** and let circulate. Use **CHLORINATING CONCENTRATE** or **BROMINATING CONCENTRATE** to establish a sanitizer residual. Keep your water sanitized at all times. Use **BROMINATING TABLETS** in a floater. Add **SOFT SOAK TRIO** to make your water feel soft and smooth. Shock with **ENHANCED SHOCK** weekly or as spa usage dictates. Maintain proper pH. This is important both for spa user comfort, as well as equipment longevity and proper sanitizer control. Use **pH INCREASER** to raise a low pH (below 7.4). Use **pH DECREASER** to lower a high pH (above 7.6). Use **STAIN & SCALE CONTROL, WATER CLARIFIER** and **NATURAL SPA ENZYME** weekly for regular care.

6. TESTING:

Regularly check your pH and sanitizer level. **ALWAYS HAVE A SANITIZER READING BEFORE ENTERING THE SPA!!!** We can do a source water analysis and assist you in selecting a chemical maintenance system that is easiest for you to use.

We are here to make your **WATER FUN!!!**
